Import Cats Permit

Import and export services | Import services

This service allows beneficiaries to request import cat permits.

Service Level Agreement

Service Request

Click here

Steps | Requirements | Required Documents

- The beneficiary must submit an import permit request 15 days before shipment.
- The importer must be 18 years and older.

Importing companies, institutions, and individuals must adhere to the following conditions:

- The veterinary quarantine system (law) in the GCC countries, its executive regulations in Saudi Arabia, and the animal welfare system for the GCC countries and its executive regulations in Saudi Arabia on consignment.
- Beneficiaries (companies and institutions) must have a valid commercial register to which the activity is added, according to the type of permission required.
- The beneficiary must have a valid project license for livestock projects, provided that the imported quantity does not exceed the production capacity of the licensed project.
- CITES license when importing a species from the lists of endangered species.
- The import permit must be valid for (30) days from the date the permit is issued.
- The import must be from the countries from which imports are permitted, as shown on Anaam platform.
- Entry of the consignment must be through the specified port as indicated in the import permit.
- The special conditions must apply depending on the type of import permit required.
- The animals must be identified with a passport, certificate, electronic chip, or any other identification method, depending on the type of animal or bird imported.
- The Ministry determines the quantity/number in the import permit according to the capacity of the port of entry.
- The Ministry determines and schedules the arrival times of consignments according to the capacity of the quarry at the ports of entry.
- The Ministry has the right to reject all import requests from countries, according to the World Organization for Animal Health.
